EMC Warranty Statement

Electro-Mech Components warrants to all customers that all products sold and shipped to customer shall be free from defects in material and workmanship for a period of one year minimum. Products with date codes (WWYY) (YWW-nn) over one year old may be returned at customer's expense for engineering evaluation of subject products and may be replaced or repaired at no charge should the evaluation determine that Electro-Mech Components is responsible.

Electro-Mech Components will not be held liable for any customer incurred expenses for either labor or material for building the EMC products into the next higher assembly.
